

Springs' Largest Recreational Program Opens Monday

The largest summer recreation program in Palm Springs' history, with something for everyone from six to 80 years of age, will move into high gear starting Monday. Howard M. Haddock, director of the city's recreation and special events department, announced today.

The expanded program will jump off at 2 p.m. Monday, when baton and majorette lessons for children from five to 14 years of age swing into action.

At that time until 3 p.m. intermediate and advanced students will be on the agenda, with beginners from five to eight years of age scheduled from 3 to 4 and beginners from nine to 14 from 4 to 5 p.m. each Monday.

The lessons will be given by Alice Marie Crowe in the Pavilion on the Polo Grounds.

Tuesday will see the beginning of tennis lessons and square dancing. David Gillam, pro at the Racquet Club, will instruct in the

racquet swinging art from 7:30 to 9 p.m. each Tuesday through July on the Tamarisk Park courts, and adults, advanced square dancers—with members of the Junior Golden Square Club invited—will take the floor from 8 to 10:30 p.m. in the Pavilion.

That will be only the beginning for the department's square dancing programs in the Pavilion. Monday from 10 to 11:15 a.m., starting June 11, beginners in fourth and fifth grades will be on the floor.

Then, on June 13, classes will start for older beginners and intermediate dancers on Wednesday. The beginners of sixth and seventh grade ages will dance from 7 to 8 p.m., and intermediate dancers will kick up their heels from 8:10 to 9:15 p.m.

The department's big swimming program will run from June 13 through Aug. 24 at Palm Springs High's Olympic-size pool, with activities from 1 to 5 p.m. and from 7:30 to 9:30 p.m. Mondays

through Saturday. The program includes activities for all ages and lessons for intermediates and beginners.

Other programs, listed by dates they begin, include:

June 13 — Story Hour for children in grade school at the branch library every Wednesday from 2:30 to 3:15 p.m. for primary grades, from 3:30 to 4:15 p.m. for intermediate grades, Gerry Vanek instructor.

June 12 — Girl's softball (for

the first time), every Tuesday and Wednesday in the Polo Grounds rodeo arena, 7:30 p.m. for grades six, seven, eight and nine, 8:30 p.m. for grade 10 and over.

Adult volleyball league for men and women over 18 years of age, 7:30 p.m. each Tuesday in the Palm Springs High School gym.

June 18 — Slim and Trim for females from 16 to 80 years of age, every Monday from 8 to 9 p.m. in the Pavilion, Frankee Johnson instructor.

Summer music and band for beginners, intermediate and advanced (new program); advanced Mondays, Wednesdays and Fridays, beginners, Tuesdays and Thursdays; individuals 1 p.m., group rehearsal 1:30 p.m.; Kenneth Lesight instructor; students must register at the junior high school or recreation office in the city hall before June 6.

Tap, ballet and acrobats, Mondays at the Pavilion, beginners and intermediates grades one

three, 7 to 8 p.m., intermediates, grades four-six, 9-10 a.m.

June 19 — Arts and crafts, Tuesdays through Fridays from 9 to 11:30 a.m. at Cielo Vista School.

In addition to the above scheduled programs, golf instruction, duplicate and beginners bridge, the Chess Club, modern ballroom dancing lessons and Modeling, charm and make-up classes are available. Further information on those activities may be obtained from the recreation department.

Estes Aide Warned Probe of 'Influence'

Ike Certain Humphrey Was Honest

WASHINGTON (UPI) — Gen. Dwight D. Eisenhower will "mount the cross and you can put the nails and spear" in him, his secretary never did anything dishonest.

Eisenhower made the vehement statement at a news conference Friday. He was responding to Senate investigators' attempts to determine whether ex-secretary George M. Humphrey's company, M.A. Hanna of Cleveland, got unconscionable profits from deals with the national stockpile program.

Chairman Stuart Symington, D-Mo., said his special investigating subcommittee was pressing an audit of three nickel and smelting contracts the government held with the Hanna firm and two of its subsidiaries.

One of the contracts, Symington said, carried a clause preventing the government from auditing the firm's financial statement.

Charge Angers Ike
The former president, his face flushing, told reporters who asked about this that "if Secretary Humphrey ever did a dishonest thing in his life, I'm ready to mount the cross and you can put the nails and spear in me."

"I will never believe he did a dishonest thing in his life," The Hanna contracts were signed Jan. 16, 1953, after Eisenhower had selected Humphrey to be his Treasury secretary.

Humphrey was said to have retained stock in the Hanna firm while in his Cabinet job.

The stockpile program, Eisenhower said, "operated under laws enacted long before I got there."

Claim Revealed In Secret File On Estes Deals

WASHINGTON (UPI) — An employee of Billie Sol Estes once told government investigators they were wasting their time because Estes was "quite influential in politics," according to a long-secret Agriculture Department report.

Atomic Test Postponed To Sunday

HONOLULU (UPI) — The first in a series of United States nuclear tests in the skies over Johnston Island in the South Pacific was postponed today and rescheduled for tonight at 10 p.m. (4 a.m., EDT, Sunday).

The Atomic Energy Commission office confirmed the postponement but declined to disclose any reason for it.

The test had been scheduled for 10 p.m. Friday night, but was put off repeatedly. The hundreds of Hawaiians gathered to watch the awesome display had dwindled to a hardy few by the time the final postponement announcement was made.

Thousands of leftists and students protesting the tests demonstrated in Tokyo before the residence of Prime Minister Hayato Ikeda and the U.S. Embassy.

In San Francisco, pacifist demonstrators ended their second day of protests against the arrest of the crew of the trimaran Everyman. The craft's three-man crew intended to sail into the test zone, but was intercepted under a federal court injunction nine miles off the California coast.

British, French, Japanese, Australian, Soviet and German scientists have also objected to the high-altitude test, primarily designed to study effects of blasts on the earth's magnetic field and Van Allen radiation zones which surround the planet.

Painstaking Burglar Sought

A painstaking search for a painstaking burglar is underway in Palm Springs today.

Friday Palm Springs police detectives investigating the theft of a 21-inch portable television set, an antique green bedspread and a telescope from the W. E. Benke home, 2477 Fendly Road, found the burglar had taken the hinges off a locked closet door to get at the purloined equipment.

The items, valued at a total of \$430, apparently were the only loot taken from the locked home. Evidence indicated an unsuccessful attempt to enter another locked closet in the home, investigators reported.

The 140-page report was compiled by department investigators last summer and fall and has been kept under a confidential seal, although many of the events it describes have been revealed during investigations of the Texas cotton planting and government grain storage activities.

The report said P. E. Biggerstaff of Bonham, Tex., an Estes salesman, told the investigators that "Estes was quite influential in politics. He (Biggerstaff) was sure that any problem would be handled politically. He doubted that the government investigation was going to have any effect on the outcome."

But the department has canceled Estes' transferred cotton allotments for 1962, ruled his 1961 allotments invalid and filed a \$554,000 penalty claim against him for growing cotton without a valid allotment.

Estes is also under indictment on fraud charges.

The report also said: —The late Speaker Sam Rayburn of Texas received complaints about Estes in late 1960 and asked for a report on his cotton dealings.

—Henry Marshall, the Agriculture Department official who was found mysteriously shot to death last June, suspected Estes' deals were improper and asked a county farm official to help get evidence.

When the investigators went to Estes and his aides, they flatly denied wrongdoing and said Estes would appeal to Agriculture Secretary Orville L. Freeman and President Kennedy if he had to.

Estes told an investigator that he knew little about the transactions since "he did not have sense enough to handle the details" and left them to his agents.

BERLIN GIRL WOUNDED

Communists Abduct Teen-Ager

BERLIN (UPI) — Communist mandants over the question of shooting back at Communists guards who fire on refugees.

There was no reply to the Communist bullets Friday by West Berlin police who were about 200 yards from the scene. By the time they reached it, the Red guards had disappeared with their captive, leaving the wounded girl on the ground.

The incident occurred about 9:10 p.m. on the American-sector border. The West Berlin city council promised details today of current talks with the three Western com-

and the border is marked by barbed wire. West Berlin police said the girls apparently walked into East German territory in a spot where the wire is several yards behind the actual border.

Police said the girl told them the Communist guards asked her and her friend to come near the fence, and when they approached the border the guard dragged her friend through the barbed wire. The girl said when she saw this she ran back toward West Berlin and was hit by a Communist bullet.

Council Considers Split Payment on Work Shop

Consideration of splitting payment for a proposed \$50,000 public works department shop over two years was indicated by the Palm Springs City Council during the first budget hearing Friday.

The council made only minor notations in the \$1,746,949 public works budget during the first hearing, leaving the preliminary administrative budget submitted by City Manager Dan Wagner in nearly original form.

The council was advised that Wagner — now in Desert Hospital recuperating from a reported min-

\$2,000 Lost In Two Spa Home Fires

Two Palm Springs residential fires late Friday and Saturday morning caused an estimated \$2,000 damage, city fire department spokesmen reported today.

Fire of undetermined origin blazed in paint stored in the garage of the closed W. P. Yaw residence, 333 Valmonte Norte, at 10:10 p.m. Friday. A dozen firemen extinguished the blaze in approximately 45 minutes, confining damage to the garage.

At 7:53 a.m. today, a bedroom fire at the Frank Halliday house, 7 Crestview Drive, caused an estimated \$1,000 damage, including smoke damage to the house.

The fire, possibly caused by a cigarette, was discovered by Mrs. S. B. McCrystal, lone occupant of the house, firemen reported. Two beds and carpeting in the bedroom were damaged, with smoke damage in adjoining rooms.

FOOTBALL MOVES UP

Desert Schools Classed as AA

Official word was received late Friday afternoon from the California Interscholastic Federation (CIF), southern section, that the Desert Valley League has been promoted to class AA ranking for the 1962-63 football season.

When the Palm Springs high school Indians take to the gridiron next fall they will be playing teams from the same schools—but the DVL will jump up a class to double A.

The Desert Valley League is made up of high school teams from Indio, Coachella, Twentynine Palms, Banning, Yucaipa and Palm Springs.

Officials of the CIF reported that the AA ranking includes schools in the 800-1,350 enrollment figure. In the past years the DVL has participated in the single A football playoffs, with last year's champions, the Indio Rajahs, losing out in the quarter-finals to the DAL champs, Hemet.

News In Brief

MOSCOW (UPI)—Premier Nikita S. Khrushchev said today the Soviet Union will never divert funds to promote agriculture at the expense of its defense program.

Speaking at a Kremlin friendship rally for 1,000 Cuban farm students, Khrushchev said the "enemies of socialism" would have liked the Soviet Union to cut back on defense spending and pour the money into agriculture.

CHESTERFIELD, Va. (UPI)—Police said a homeless 16-year-old boy befriended by a rural farm family admitted today he shot and killed his three benefactors when they returned from a shopping trip to Richmond.

State Trooper J. H. Barnes said the youth, Hugh Templeman, gave no motive for the slaying Friday of dairy farmer Fred Hofer, 52, his wife, Lucille, 49, and their daughter, Crystal Sue, 16.

ALGIERS (UPI) — Algiers was a peaceful and quiet city without fear early today. There were no plastic bombings, no mortar attacks and no senseless street killings.

War-weary Europeans and Moslems breathed a sigh of relief as the "truce" proclaimed by the Secret Army Organization (OAS) went into its third day.

WASHINGTON (UPI) — Gen. Dwight D. Eisenhower has accused President Kennedy of wanting "too much control" for the federal government and urging "reckless spending programs."

The former president held a lunch Friday for GOP congressional leaders, his old Cabinet members, aides and business leaders who have supported the Republicans.

Supervisors to Get Report on Blow Sand

A report by County Counsel Ray T. Sullivan Jr., on the request from Riverside County Supervisors to prepare an ordinance designed to control wind-blown sand in the open desert areas, heads items affecting the Desert Empire before the board Monday.

Supervisors asked Sullivan to prepare such an ordinance at their meeting earlier this week.

In other matters of interest to the desert area is an appeal to be presented by the California Roadside Council to defer action on a proposal to amend the M-3 zoning ordinance of 1959 to permit M-3 zones.

Under the present M-3 zoning set-up no billboards are permitted

and those now in existence must be removed in 1964. The rezoning plan would permit grouping of billboards in M-5 zones, four of which are proposed at the entrances to Palm Springs.

Palm Springs City Council has protested the measure.

Supervisors are also expected to enter into an agreement with the State for maintenance of the Ramon Road over-crossing.

Ask Street Abandonment
A resolution of intention to abandon a portion of Fourth Street in Cathedral City in response to a request from that area, is also before the board for action. Bids will be received for the sale of \$500,000 in bonds for the Indio School District.

Perhaps He Set An Example for Other Editors

ANTIOCH (UPI) — Ross Draper has finally graduated from high school—at the age of 82.

Until entering night classes at Antioch High School last fall, Draper had not attended school since completing the 11th grade at Mt. Airy, Iowa, in 1896.

Asked how he was able to make it through, Draper explained that "my spelling has improved a great deal."

He is now editor and publisher of the semi-monthly Voice of the Delta, a newspaper published at nearby Bethel Island.

Each Day Saw 10 Million Shares Traded

By PETER T. EARLE

NEW YORK (UPI)—Stock trading averaged a frantic 10 million shares a day this week, leaving weary Wall Street clerks to burrow out of the greatest paper blizzard since 1929.

What made their task all the more distasteful was the knowledge that the same results on the price structure could have been accomplished in a single hour of light trading. The popular averages ended the week with almost no change.

The nightmare began in the opening session with the market taking its worst beating since another historic day 32½ years ago which kicked off the greatest stock market rout and subsequent business depression Uncle Sam has ever seen.

Things went from horrible to catastrophic on Tuesday morning, but at 12:15 p.m. the high-speed stock tickers sent the news to 15 million worried U. S. investors and financial capitals around the world that the bottom had to burst.

Expert observers believed aggressive buying by institutions like mutual funds, pension funds and insurance companies at "bar-

gain prices" had stemmed the tide. At any rate, what followed was a monumental rally in which the small investor swamped boardrooms across the nation with his buy orders.

High speed tickers, almost an hour late in recording floor transactions before the rally began, didn't finish running off all the buy orders until 8:15 p.m. When Dow-Jones computed its averages, they showed that nearly three-quarters of Monday's huge loss had been erased.

On Wednesday the market was closed for Memorial Day but Thursday saw it catapult ahead again, wiping out the rest of the initial loss. Friday saw a modest reaction on sharply curtailed trading—only 5,760,000 shares.

Fractional Change
The inclusive Standard & Poor's 500-stock index finished at 59.38 off 0.09 on the week. In the Dow-Jones averages of blue chips, industrials were down 0.83 to 611.05, rails off 0.33 to 128.90, utilities up 1.39 to 113.96, and the 65-stock composite up 0.31 to 210.93.

Despite the holiday, trading for the week swelled to a 1962 high of 40,563,230 shares against 22,988,850 last week and only 11,796,850 shares in the comparable holiday week of 1961.

Roughly one-fourth of all trading for the week was concentrated in a single issue, the most widely held stock and the largest corporation in the world. American Telephone traded 1,140,200 shares, hit a high of 115, a low of 98½, and closed at 111¾, up ¾.

Most blue chips finished narrowly. Among the few showing significant changes were Alcoa up 2%, Chrysler off 2%, Johns-Manville up 2% despite a government anti-trust suit, Procter & Gamble off 2% and Swift up 2%.

Gains of at least four went to Abbott Labs, Associated Dry Goods, Schlumberger, National Dairy, North American Car, Simplicity Pattern, Kern County Land and May's stores. Declines of four or over included Bristol-Myers, Crown Cork, Empire Electric, International Salt, Wrigley, Lorillard, MCA, and Minnesota Mining.

Last luncheon meeting of Palm Springs Shrine Club until fall will be held at the Chi Chi Monday, June 4. R.S.H. Venable, president, said today.

Clayton Beaver of 5005 Cherry Hills Dr., Palm Springs, is among 42 California students who will receive degrees from the University of Notre Dame at its 117th annual commencement Sunday. He is a B.A. in History.

Henry Cabot Lodge, former ambassador to the United Nations, will be the speaker.

Douglas K. Young, 2384 Del Lago, a teacher at Palm Springs high school, was one of 24 California teachers who received fellowships for summer study in journalism from the Newspaper Fund of the Wall Street Journal in New York. The Fellowship provides for summer study at the University of California at Berkeley.

X15 May Help Solve Re-Entry Problems

EDWARDS AFB (UPI)—Friday's flight was to test the stability of the X15 at a high angle of attack which is the degree the X15 points its nose up as it descends into the earth's atmosphere. The maneuver is used as a braking action to slow down descent.

"I hit 21 to 22 degrees angle of attack," the exuberant Major White said after the flight. It surpassed the previous high attack angle of 18 degrees and came within 3 or 4 degrees of the 25 degrees it is believed the X15 can tilt without losing stability. An ordinary aircraft would stall at about 14 degrees.

Another mission of the flight of more than five times the speed of sound was to evaluate an alternative stability system. White said "The system worked good... the whole flight was highly successful."

The Air Force major rocketed to a world record speed for manned flight of 4,993 miles an hour last November. The flight Friday took him to 3,750 mph and 129,000 feet.

Desert Hot Springs Girl Wins Scholarship

The Desert Sun apparently has a budding journalist as one of its youngest (part-time) employees — a sharp young gal by the name of Linda Kalt, who won the Desert Press Club's \$1,000 scholarship for journalism.

Linda, 18, is the daughter of Mr.

and Mrs. Edward Kalt of 66-830 East First Street in Desert Hot Springs. She has an older brother, Lewis, who attends school in Los Angeles.

Linda has attended Louis Pasteur Junior High, North Hollywood

High School and is graduating from Palm Springs High School next week.

Linda has majored in English, French and mathematics as well as journalism and has maintained better than a B average throughout her high school years.

It was just last year, however, that Linda "got ink in her blood." She transferred to advanced journalism and soon became the assistant editor of the high school newspaper, Smoke Signals.

In addition to writing Linda loves to swim, dance and read. She plays the piano in her spare time.

But, tennis ranks highest of all in the extracurricular activities on Linda's list. Last year, she was the high school's girl tennis champion, won a trophy and had her name inscribed on a three-foot-high trophy in the school's trophy case.

Following graduation, Linda plans to attend the College of the Desert for one year. She then plans to transfer into a four-year institution, either San Diego State, or Barnard (Columbia University). Linda says her ambition is to become a foreign correspondent.

Section 14 Study Set On Tuesday

Members of the Agua Caliente Indian tribe, owners of most of Section 14 and half of the other land in Palm Springs, will study commercial zone usage Tuesday.

The plan for a general tribal council review of commercial use permitted under current Palm Springs zoning ordinances came during a Friday meeting between tribal representatives and city officials who discussed a long-range Section 14 development plan with architect Stewart Williams.

Restrictions

The Indians will consider possible restrictions to commercial uses of land on Section 14 in efforts to evolve a list of "ground rules" for possible new zoning on the vital mid-town section. A second Indian-city official meeting will be held next Thursday morning, with a more detailed study session the following Thursday.

Larry Pierce, one of the allotment owners on Section 14, told the meeting Friday that Palm Springs "Village concept" needs updating. "It hasn't been a Village since I was a boy," Pierce said.

Revision

Pierce's call for updating city standards and thinking — including revision of the current 30-foot height limits — was seconded by Mrs. Viola Olinger, former tribal chairman. She termed the city's image need one of a "sophisticated village."

Pierce, who called for a development plan which could be implemented in the near future, told the first organizational meeting that hotel developments will bring tourists here.

Mrs. Eileen Miguel, chairman of the Agua Caliente Tribal Council, told the city representatives Friday that the Indians met "to start in new" on Section 14 planning. She rejected suggestions of a conditional use permit development over proposed planning commission zoning, or on the current zoning.

Higher Standards

Williams, author of the development plan which evoked enthusiastic tribal and audience response last Monday during a city council session, said his plan requires higher standards than many commercial uses permitted under zoning ordinances now. He emphasized that the plan required cooperation from individual Indian land owners.

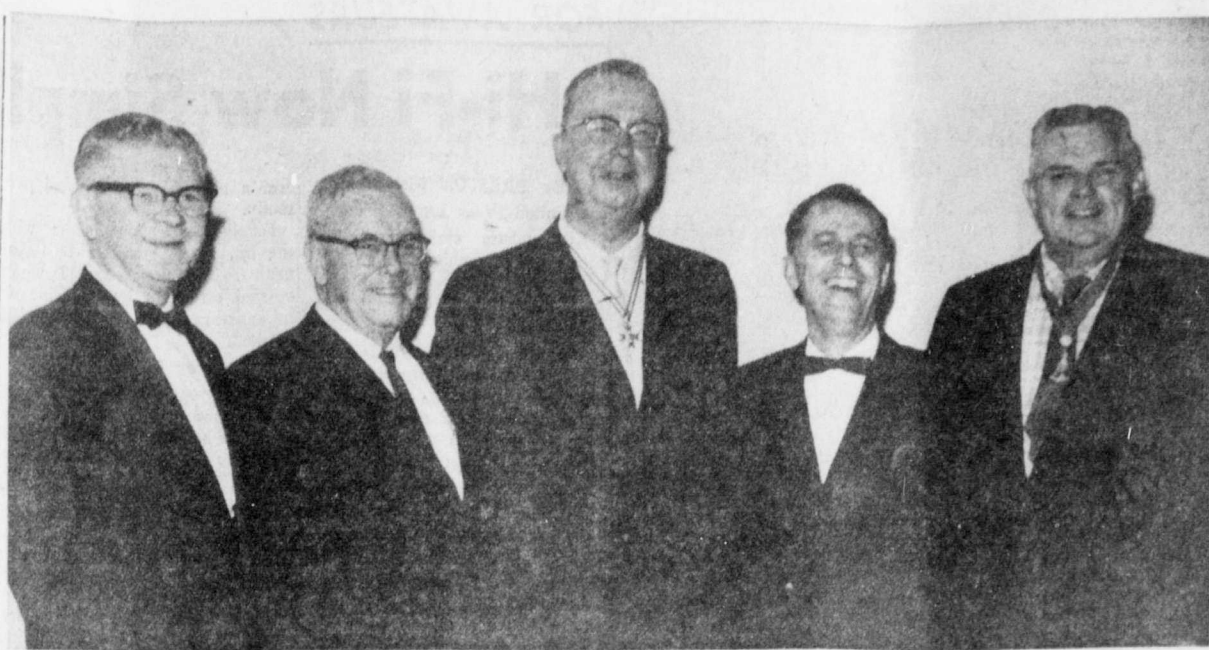

Mrs. Dora Joyce Prieto emphasized that she would be willing to hold land for higher value development than some that would be permitted under proposal zoning. Her statements brought a warning from planning commission member Robson Chambers that the alternative to high-standard developments in Palm Springs would be extensive development "out in the desert."

Chambers outlined a sight-line high-rise plan that would permit a 100 foot tall structure with a 10 acre parcel, with proportionately sized buildings in smaller or larger parcels.

NEW YORK (UPI) — Walt Disney's "Moon Pilot" rang box office receipts to an all time high at Radio City Music Hall. The previous record was set by Metro's "Please Don't Eat the Daisies."

The evangelist said teen-agers "live in an insecure world."

"The readiest way to find quick security on the campus is through conformity to the group. One of the curious facts about campus culture is that precisely where people talk about being independent and on their own, they practice the most rigid conformity and imitation in dress, in speech and in thinking," he said.

"The private prayer life of many teen-agers might be phrased, 'Let the words of my mouth and the meditations of my heart be acceptable in thy sight, O gang, my strength and my redeemer,'" he said.

"Many times drinking, sexual promiscuity, cheating and obscenity in speech are simply actions dictated by group loyalty. The real moral problem of many young people is their lack of any authority, not what is right and what is wrong, but who declares what is right and what is wrong."

Graham said Christ could provide the leadership, direction and authority which young students seek

Historic Michigan

SAULT STE. MARIE, Mich. (UPI) — Michigan's history provides surprises for many tourists, since it is one of the oldest settled inland areas of the United States. The first permanent settlement was made here in 1668 by Fr. Pere Marquette. Exploration by French traders and priests had been underway since 1613.

New School Named for The Hills

Palm Springs school district board members looked to the hills to pick a name for the new Section two School.

The board members selected Vista del Monte as the official name for the elementary school south of Francis Drive in the northern sector of the city.

The name was picked from a list of three submitted by an administrative screening committee headed by Mrs. Mary Mitchell, district curriculum chief.

Vista el Monte — "view of the mountain" — was chosen in honor of towering Mt. San Jacinto, which dominates the western skyline above this desert resort town.

The board, which had tentatively considered a name for the new school more than a month ago, named the administrative screening committee to work on suggestions after Jack Miles, assistant district superintendent, emphasized that preparation of the bronze name plaque for the new school is expected to take several months on normal delivery schedules.

REPUBLICANS THIS IS THE TIME TO ACT CALIFORNIA IS ENTITLED TO A CONSERVATIVE VOICE ON THE FLOOR OF THE U. S. SENATE

Elect...LOYD WRIGHT

U. S. SENATOR

Lloyd Wright is Past President of the American Bar Association, was Chairman of Commission on Government Security created by Congress in 1955 and is now Chairman of National Strategy Committee of American Security Council. Lloyd Wright helped write the Bricker Amendment. He led the fight in the American Bar Association against the repeal of the Connolly Amendment.

Senator Kuchel says he is an "independent." He should not be running on the Republican ticket. The Congressional Record shows Kuchel voted against the majority of the Republican Senators 53 times in 1961 and 45 times in 1960.

In the first year of the Kennedy Administration, the Americans for Democratic Action, an ultra-liberal Democratic organization, which responsible Democrats in Congress shun, gave Kuchel a 60% rating on their program; he was given a 70% rating on 10 test votes granting the Federal government a larger role.

In 1959 Kuchel double-crossed his Republican colleagues when he moved to scuttle the McClellan Bill of Rights which resulted in diluting an effective labor reform bill. Typical of Kuchel's voting, he voted for Federal aid to education, more public housing, spending more money than even President Kennedy requested and voted against a ban of financial aid for Communist controlled countries.

Goods for the Navajos Now Being Loaded Here

SAN JACINTO — Mrs. Ruth Samelson of Rio Del Sol is loading a truck and trailer with boxes of clothing, dishes, pots and pans that she has solicited from people for the Navajo Indians in Arizona.

These people had been on Mrs. Samelson's mind, so she asked her neighbors and friends to save clothing and other articles which were still good and get them to her throughout the year.

She and her husband make the 1,200-mile trip at their own expense each summer, and they derive satisfaction from knowing that the needy receive what they have to offer.

Mr. and Mrs. Samelson are hoping to acquire a camera so pictures can be brought back of the

experiences they have among the Indians. She is trying to sell a high powered deer rifle for what a camera would cost her.

Persons interested in the rifle or those having clothes to donate may drop a card in the mail to Mrs. Harry Samelson, R.R. 1, Indio or bring it to 35-040 Rio Del Sol, just south of Ramon Road and Highway 99.

The Freberg Nut Loose Once More

HOLLYWOOD (UPI) — That Stan Freberg nut is loose again and this time he has enraged disorganized labor, uncounted gypsies and assorted free thinkers.

In the past adman-comedian Freberg has incurred the wrath of the Daughters of the American Revolution, Indian tribes, the city of Omaha and other groups.

His current ad campaign in newspapers and on radio for an Eastern tea company includes instant fortunes on the tags attached to the company's tea bags. Among the fortunes are:

"You will meet a tall Internal Revenue man." "You are going to take a long trip." "They have found out about the money" and "He (she) will find out about that weekend in Phoenix," which was censored by the tea company as being too racy for their product.

Make-Believe Union
To stimulate tea drinkers further Freberg took ads in New York and Boston newspapers patterned after those of unions and management locked in a labor dispute.

On behalf of the gypsies Freberg invented the American Federation of Gypsies (Local 42) whose ads shrieked: "Who threw the gypsies out of work?"

It went on to read, "over 5,000 unemployed gypsies and tea leaf readers in America today and you can lay the blame squarely at the well-shod feet" of the tea company.

Denying it has eliminated the middle man or woman from the tea leaf rating, Freberg's ads in defense of the company ran:

"What with the American Federation of Gypsies holding protest meetings over our parking lot here in Woburn so that an executive can't even step out of his car without putting his foot through a tambourine, we feel some sort of explanation is in order."

Repercussions Follow
While the ads were all in fun, they brought repercussions.

"I originally wanted to take ads in the Wall Street Journal and the Daily Worker," said Freberg, "but the tea company objected. The company also got letters from people defending the gypsies and there were rumors about the poor gypsy union—which doesn't exist."

Freberg resolved the fictional dispute with a third that the strike was settled.

Peace has settled on Woburn, Mass., and Freberg will be sorely vexed if the tea company's tea bags don't start selling like instant coffee.

Nevalie Goetz Last Rites in D. Hot Springs

Last rites were said at 1 a.m. today from the Desert Mortuary Chapel, Desert Hot Springs, for Nevalie Ann Goetz, 41, who was found dead in her hotel room in that community late Thursday. An autopsy is to be performed by the county coroner's office to determine cause of death.

She is survived by her husband, August Goetz, of Oakland, her parents, Roy and Marie Rupp of Desert Hot Springs, and a brother, McAuley Rupp of Laguna.

MOTHER ROBIN is too busy supplying food of an albino robin is rare, occurring about one in 10,000 hatchlings. (UPI Telephoto)

FOR AMATEURS

Hi-Fi Now Simplified

By PRESTON MCGRAW
United Press International

Kit makers claim they have made the assembly of high fidelity amplifiers so simple that the rank amateur can put them together.

The Rev. Charles V. Denman, a Methodist minister in Dallas, qualifies as a rank amateur. He hardly knows one end of a soldering iron from the other.

But he managed to assemble an Eico ST40 integrated stereo amplifier in 25 hours. He found it almost as simple as it was supposed to be and wants to try assembling another component.

The Eico ST40 is a 40-watt-20 watts on each channel—stereo amplifier and preamplifier all on one chassis. It has a provision for operating a center speaker as well as right and left speakers.

At only one point during the assembly did the Rev. Mr. Denman run into trouble. This is how he described it:

Switch Spells Trouble

"I ran into trouble when I began to assemble the selector switch and had to take the set to a friend who is an electronics engineer for help. He told me how to read the diagram."

"I was not counting the holes. When this was cleared up, I got along very well. Perhaps an angular view of the selector switch would make this more clear. It took me about three hours to assemble the switch. From there on it took about 16 hours to complete the set."

When the Rev. Mr. Denman finished assembling his amplifier, he took it to Jack Frazier, who has a loudspeaker factory a couple of miles away.

Frazier's systems have a high efficiency and 20 watts is more than enough to operate any of them. The Rev. Mr. Denman's ST40 was hooked to two speakers

and a turntable and worked perfectly.

Detailed directions come with the kit, as well as life-sized diagrams. The Rev. Mr. Denman started off right by spending 45 minutes reading the instruction manual.

Clear Instructions

Putting together the chassis assembly and top chassis assembly took 2 hours. The rear panel assembly and wiring took about

four hours and he noted here that "the directions were clear and the picture was clear and easy to follow."

It was when he started assembling the selector switch that he ran into the only real trouble on the whole job.

There were other minor problems, to be sure, but none he could not lick on his own.

One of the minor difficulties was that the length of a piece of wire recommended by the directions did not always turn out to be the best. He used his own judgment and solved the problem.

Conquer Handicap

HONG KONG (UPI)—The Chinese telephone operator at Lutheran World Federation offices here has become so expert he is instructing another man in the intricacies of his job.

The teacher is Frank Lee, 24. His student is George Chan, 20. Both are blind.

Brides--Get Big Appliances

CHICAGO (UPI) — Take a tip from the experienced homemaker—if you're a bride-to-be, get all the major appliances you can. You'll be glad of your "acquiring" in years to come. The 75 homemakers invited to McCall's Congress on Better Living will vouch for that.

Here are some on their recommendations on the subject.

Take your time selecting appliances. Most will have to last a long time—16 years for refrigerators and ranges, 9 years for washing machines, by the estimate of the U.S. Department of Agriculture.

Consider long-range family needs in selection of size of major appliances. The larger models will be none too big five years and two or three children hence.

When it comes to deciding between "deluxe" and middle-of-the-road models, most homemakers favor the in-between one. It's apt to be the best buy for the money and more sometimes can go wrong with the luxury models. As one woman said of washing machines with automatic dispensers: "I can see all the bleach shot in at the wrong time. I have more confidence in the in-between models."

Define Deluxe

A word of caution here—in many cases, the so-called "deluxe" model is the in-between one the true luxury models may be called "super-deluxe," "imperial," "dream" and by other comparable names. So find out what the manufacturer means by "deluxe."

Size should be the decisive factor in selecting a refrigerator—get a big one—but look, also, for efficient shelf arrangement and sufficient freezer capacity. Many homemakers prefer having the freezer compartment at the bottom of the refrigerator; it appears to hold more.

Dark Tones Are Dramatic

CHICAGO (UPI)—Dark-colored living room walls have much to recommend them.

They generally allow for a more dramatic room setting, particularly with a period decor, and they hide unsightly wall irregularities, including uneven plaster surfaces, juts and jogs. Even pipes and radiators are less conspicuous when painted the same color as dark walls.

Dark walls also can be used to bring out a center of interest in a room. This is done by spotlighting the center of interest, thereby leaving shadow areas around it. Light walls rarely allow for this much contrast between different areas of the room.

It takes skill, however, to use dark walls effectively for any or all of these purposes, said a color stylist, Margaret Hutchison.

She recommended spotlighting as well as overall or central lighting to bring out the depth feeling created by dark walls. Lamps, preferably large and set close to the wall in the formal balance of period decor, may be used.

It is rarely necessary to use recessed spotlights in the home, said Miss Hutchison. The resulting play of light and shadow along a deep jewel-toned wall needs little more than white painted woodwork and touches of gold, brass or crystal in accessories to be the main decorative feature in a room.

Mrs. Mae Gates Is A Diamond Angel

Mrs. Mae Gates of Yucaipa was announced as the fifth Diamond Angel in Desert Hot Springs Founders' Auxiliary of Angel View Foundation and Mrs. Rollan Schultz received her Diamond Angel pin, when the auxiliary held its final membership meeting until next fall.

Other membership news revealed that Mrs. Donald Hulbert had taken out Life Membership and six persons, including Mrs. Grace Stewart Mullen of Redlands, founder and president of the Redlands Bowl, had been accepted as new members.

A note from Mrs. Eleanor Jacobs enclosed a \$200 check which is to be applied toward a Diamond Angel membership.

President Freese stated that a quantity of membership pins and other forms of jewelry will be on sale in the fall.

Another money making project approved by the membership for the third year, was the sale of calendars.

Following the business meeting Mrs. J. C. McGee conducted a short memorial service for 24 auxiliary members who had died during the current year.

Six guests, Mrs. Ross Winans and Mrs. Corrine Smith of Palm Springs, Mr. and Mrs. Charles Spataro, Mrs. Genevieve Stockbridge and Mrs. Ann Pearson of Desert Hot Springs and 36 members enjoyed refreshments served by the hostesses: Mmes. Nick Coscarelli, Joseph Gambino, Joseph

Teen Angel Auxiliary to Continue Hospital Work

It will be a busy summer for the Teen Angel Auxiliary of the Palm Desert-Indio area as they continue work on projects that will benefit Angel View Crippled Children's Foundation on a year around basis, Elin Purves, auxiliary president, announced today.

Plans for summer fund-raising activities were discussed at a luncheon and swim party given by Mrs. Stanley Chambers Jr. and Mrs. Ted Munday, auxiliary sponsors, at the Munday home in Palm Desert.

There's a strong nautical influence in men's sports shirts for summer. Warm weather business shirts, in tissue-thin fabrics and short sleeves, feature pastel shades.

Teen Angels participating were Carrie and Elin Purves, Louise Tyler, Pat Tilson, Palm Rogers, Susan Ehrman, Jeannette Bertling, Diane Dietz, Linda Hardesty and Liz Coates.

The next meeting will be held at the home of Dianne Dietz.

POLLY'S IN CHARGE

Soroptimists Seat Officers

Poems by Robert Edwards, a former resident of Palm Springs, set the theme for the ceremony used by Mabelle Barkow of Banning, past district director, when she installed the new officers of the Soroptimist Club of Palm Springs at a luncheon meeting at Holiday Inn. The poet wrote of the desert and the mountains.

Polly Isenagle, who was installed as president for the second year, was admonished that she should be like the desert sun, encouraging timid members to be more active in club work. Mrs. Isenagle was presented with a past president's pin.

Vice President Lee Bowen was likened to the Moon, outshining the brilliance of the desert stars. Treasurer Trixie Jarrette was told that just as the desert needs

an ample supply of water if it is to flourish, so the club needs financial guidance, as money is to the club as water is to the desert. Delegates Evelyn Barrick and Trixie Jarrette and Alternates Ruth Burt and Gurli Gilbert were advised that they would be traveling here and attending district meetings and regional conferences, like the tumbleweed rolls over the desert.

Other officers installed in the unique ceremony were: Angie Martins, secretary; Directors-Elect Esther Weingarten, Shirley Henry, and Virgie Dragicevich, were told that like the wildflowers that carpet the sand dunes in the springtime, they could bring joy to the president and the board by lending assistance to make the club an industrious and harmonious unit.

Vari-colored flowers in birdcages decorated the head table and the piano, with sprays of blue delphinium striping the center of each table. At each place was a plastic napkin ring holding a nosegay of flowers. Tess Potter was decorating chairman, assisted by Shirley Henry and Ruth Burt. Evelyn Barrick furnished the cages and arranged the flowers.

Madge Holderman was hostess with Lucille Johnson and Esther Weingarten as co-hostesses.

Trixie Jarrette, who is a concert pianist, played two selections, "La Plus Gre Lente" by Claude Debussy and "Sune Ame" by Paul Poray. George Nordquist also entertained with accordion music.

Next Tuesday's meeting, which will be held at the Riviera, will

be the annual business meeting for Soroptimists only. A social meeting, which will be a costume party, is planned for June 9 at 7:30 p.m. and will be held at the home of Matt and Virgie Dragicevich at 4101 Matthew Dr. This will be a patio party by invitation only.

AN OPEN LETTER TO THE BOARD OF EDUCATION PALM SPRINGS UNIFIED SCHOOL DISTRICT

Because I believe the Board of Education to be both honest and sincere, although inadequate to cope, I wish at this time to renew an earlier offer of mine, to wit: At my expense, I propose to secure the services of a structural engineer, licensed by and operating in the State of California, to provide the Board with an unbiased evaluation of the structural elements of the Education Center plans approved for bidding by the Board of Education at their meeting of May 24th. Any licensed structural engineer could demonstrate to the Board an alternate type of construction, structurally speaking, which could avoid restricting architect Williams' ingenuity of design while reducing over all costs 40,000 dollars plus.

Chinese Delicacies Are Feature of Dinner Party

Mrs. Valerie Woodward of Palm Springs hosted a small dinner party at China Inn on Tuesday night. On hand to enjoy a feast of Chinese delicacies prepared by Frank Chang and his wife, Lillian, were: Mr. and Mrs. Donald Cornelius, J. Marie Ropp, George Gross, and Mr. and Mrs. H. M. Saunders of Desert Hot Springs. Also, the Dick Mahers of North Palm Springs and Mrs. Inez Packard of Palm Springs.

The three-week vacation which just ended for the Cliff Babins included a visit with Mrs. Babins' parents, the R. E. Johnsons of Vancouver, Wash.; a stay at the Timberline Lodge on snow-capped Mt. Hood and several days at the World's Fair in Seattle. Their trip home via the Redwood Highway was made more enjoyable by the fact that lupin, dogwood and rhododendrons were in full bloom.

Mosby Book Emphasis: Proletariat Influence

NEW YORK (UPI)—A vaguely familiar melody broke forth over the Moscow Radio. The Soviet soprano sang in Russian, "Ya nyeh mogoo skazat nyet." Ears and eyebrows lifted around the world.

For the words were "I can't say no" and the tune was straight from the Broadway musical "Oklahama!" This was Broadway's first break on Moscow Radio. A new era in Soviet life was about to begin.

Aline Mosby, a Missoula, Mont., girl who spent three years in Moscow as a foreign correspondent, recalls this turning point of Kremlin policy in a new book.

It was the spring of 1959 and the Kremlin had just opened its doors to Britain's Prime Minister Harold Macmillan. Within a few months Richard M. Nixon was to follow and with him the great American Exhibition.

After four decades of conditioning by Communist-controlled press and radio, the average Russian saw American people and products for the first time—lipstick and pointed-toe shoes and pretty hairdos and Billy Graham and Gary Cooper.

Three-Year Stay
"The impact of that exhibition was immediate, and it is still having its effects on the Russian people," Miss Mosby writes in "The View from No. 13 People's Street" (Random House, \$3.95). The title is taken from her address during a three-year assignment with United Press International in Moscow.

"People's Street" is not like most expert books on the Soviet Union. It is not a glib travelogue. Nor is it a deep analysis of the thinking of Soviet leaders. It is more fundamental than either—a study of ordinary folks in Russia and their apparently rising influence over the party-directed dictatorship of the proletariat."

Miss Mosby recalls the comment of one Soviet mother whom she had asked, "What do the Russian people want?"

"I want a dacha (country house) with a yard for my children," the mother replied. "Isn't it wonderful that this is what we desire, instead of a world revolution as my mother wanted?"

More Room
There was the elation of a minor Communist official who had just been given an apartment in Kiev after spending most of his life in crowded, shared quarters.

"Here I am almost fifty, and only now I feel that I'm beginning to live . . ." he said. "Now to have a toilet of my own! It was sharing the bathroom and lavatory with other people, that's what I hated."

Miss Mosby underscores the rising power of the Soviet "electorate" when she reports that the planners felt they had to provide for modern beauty parlors and pointed-toe shoes and lipstick after the Soviet woman had her first look at western charm.

And the exploding demand for housing and consumer goods (which the Soviet leaders admittedly are working to meet) is important in that the more butter Russia produces, the less resources it can devote to guns.

People Tell Story
As a good newspaperwoman, Miss Mosby lets the Russians speak for themselves. One of her few judgments, however, is a significant one. As she was taken for her first drive across Moscow in February of 1959, she looked at the crowds and uttered:

"Why, they're people." And if she portrays these people as fairly typical human beings devoted to family and self-betterment, she warns against mistaking the determination of the Communists who lead them.

" . . . the Marxist-Leninist club still is in business, and the Bolsheviks still are pushing their international membership drive."

Miss Mosby writes, "A long as this country adheres to its driving expansive philosophy, the non-Communist world will be in conflict or competition with Soviet Russia in one form or another in virtually every field."

To prepare for this conflict or competition, the dedicated American will need to study Russians more closely. The history of Marx and Lenin is important, but the earnest student shouldn't neglect to examine the character and yearnings of the Russian populace. No. 13 People's Street is an excellent address from which to start.

DOUBLE TAKE is the reaction of motorists when they come upon such scenes as the one above in Kansas City, Mo. The "lion" is nothing more than a mixed breed dog

named "Tip" who has been shaved for the summer. Little Kathy Jansen rubs Tip behind the ears, his favorite sport. (UPI Telephoto)

AG DEPARTMENT

Food Donations Upped

By GAYLORD P. GODWIN

WASHINGTON (UPI) — Food donations by the Agriculture Department during the first nine months of fiscal 1962 to domestic

and foreign outlets totaled more than 3.6 billion pounds 42 per cent more than the 2.5 billion pounds distributed in the same period a year earlier.

Cost of the food donated from July, 1961, through March, 1962, was \$461.9 million. Donated foods during the entire 1961 fiscal year cost \$453.8 million.

Donations to domestic outlets totaled more than 1.5 billion pounds in the first three quarters of fiscal 1962, an increase of 87 per cent over the 835 million pounds distributed in the same period of fiscal 1961. Cost of the donations for the nine months was \$286.5 million.

The department said the increase is a result of efforts to use more of the nation's agricultural abundance to improve diets of school children and needy persons. There were 7.4 million needy persons receiving donated foods in March, 1962, compared to 5.6 million in March, 1961.

The amount of food going to the needy persons group went from about 477 million pounds in the

July-March period last year to about 1 billion pounds during the same nine months of fiscal 1962. This was an increase of more than 114 per cent.

Schools received 407 million pounds of the donated foods—about 65 per cent over the corresponding months a year ago.

More than 130 million pounds of donated foods went to charitable institutions, about 17 per cent above the 111 million pounds of a year ago.

The two billion pounds donated to foreign outlets during the first nine months of fiscal 1962 represented a 20.6 per cent increase over the 1.7 billion pounds of the same period in 1961. Cost of the foreign donations this year was \$175.4 million.

Food donations to foreign outlets included dry bean, bulgur, corn, corn meal, cottonseed oil, flour, non-fat dry milk, peanut oil, shortening, and wheat.

Domestic donations included dry beans, butter, cheese, corn meal, cranberries, dried eggs, flour, frozen lamb, lard, chopped meat, non-fat dry milk, rolled oats, peanut butter, pork and gravy, potatoes, rice, frozen turkey, and rolled wheat.

The department ended its purchasing program of canned chopped meat this week. Since the program began last August the department purchased about 163 million pounds valued at about \$65 million.

Farm prices and farm costs were unchanged in the month ended May 15, the Agriculture Department reported Thursday. This situation left farm prices 2 per cent above those of a year earlier and farm costs 1 per cent above year ago costs.

There were significant price increases in the month ended May 15 for potatoes, cantaloupes, cotton, wheat, lettuce, and corn. But there were offsetting declines in prices of milk, eggs, and strawberries.

Farm living expenses edged up slightly to a record high, but these were offset by a slight decline in average prices of production goods.

Indeterminate Sentence Move Faces Opposition

By LYLE C. WILSON

WASHINGTON (UPI) — The stop, look and listen sign is up against a developing nationwide movement to deprive courts of authority to keep criminals in jail once they are convicted of crime.

This developing movement is for the general acceptance of the so-called indeterminate sentence. Director J. Edgar Hoover of the Federal Bureau of Investigation (FBI) estimates that the nation's annual crime bill is \$22 billion. He cites police records revealing that a murder, forcible rape or assault to kill is committed every three minutes in the United States.

Crime Rate Rising

Every six minutes there is a robbery. Nearly 150 burglaries and larcenies are reported every hour. Serious crime in the United States has accelerated during the past decade at a rate exceeding the population growth by approximately five to one.

Such statistics are cited in support of the demand of enforcement officers for stern, realistic action designed to reach criminals, old and young, that society will hold them responsible for their acts.

Some officers charged with enforcing the law regard the indeterminate sentence as a dangerous and impractical system advanced by a clique of theorists who steadily are asserting increasing influence over such matters as the sentencing and rehabilitation of criminals. These matters, of course, are vital to the public safety and general welfare.

The indeterminate sentence is a system for handling convicted offenders in which authority to fix the actual length of imprisonment is shifted from the courts to another official body. Under an ab-

—Paid Political Adv.—

**PROVEN
RETAIN
SHERIFF
JOE
RICE**

solute system of indeterminate sentencing, the courts would have virtually no authority to fix the term of imprisonment.

This would become the authority of a parole board or other special group, often to be composed of political appointees or sentimentalists whose judgments could be correspondingly affected.

In an area burdened by a weak parole and probation system, the indeterminate sentence system would confer additional power upon ill-equipped or muddle-headed authorities to release prematurely habitual and unformed criminals to prey on society.

Parole Board Power

The indeterminate system exists in one form or another in a vast majority of legal jurisdictions. Congress enacted in 1958 a modified indeterminate sentencing law. This act enables federal courts to (1) set both the minimum and maximum years of imprisonment with a provision that the Federal Parole Board may grant parole any time after the minimum has been served; or (2) to set the maximum term of imprisonment with a proviso that

the parole board may fix any date for the prisoner's parole eligibility.

Prior to this act, federal prisoners were sentenced to maximum terms and became eligible for parole only after one third had been served. Federal judges have not stamped to the use of the new act but the trend is notable. Under it, 114 persons were sentenced in fiscal 1959; 723 in 1960; and 1,005 in 1961.

Officials of the U. S. Board of Parole and Bureau of Prisons are accused of campaigning for the indeterminate sentence. Powerful enforcement officials are against it. Kennedy administration policy is not known.

Edwards in Show

CHICAGO (UPI) — Ralph Edwards, who won fame as master of ceremonies of "This is Your Life" television show, will participate in the fourth quadrennial National Methodist Conference on Family Life here in October.

Edwards will narrate a dramatic production titled "Take Any Street," which will depict the different types of families in the church.

Desert Area Church Activity

10 The Desert Sun

Saturday, June 2, 1962
Palm Springs, California

"Glorification of Manhood" Topic at St. Paul's Church

The Ascension of our Lord will be celebrated in St. Paul's in the Desert Episcopal Church Sunday with the Sacrament of Holy Communion at 8 and 11 a.m. and the Order of Morning Prayer at 9 a.m. The Rector, the Rev. Dr. Frederick A. Barnhill, will preach at the latter two services on the subject, "The Glorification of Manhood."

At the 9 o'clock hour the annual Awards Ceremony for the Church School will be held. Awards go to boys and girls who have done proficient work in the school, in the various Choirs and who are ad-

Need Spiritual Alertness to Meet Challenge

Spiritual alertness is needed to meet the challenge of today. This is a theme of the Lesson-Sermon entitled "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" which will be heard at all Christian Science services on Sunday. The Golden Text is from Jeremiah (29:8) "Let not your prophets and your diviners, that be in the midst of you, deceive you, neither hearken to your dreams which ye cause to be dreamed."

The Responsive Reading will include Paul's advice to the Ephesians (6), "Be strong in the Lord, and in the power of his might. Put on the whole armor of God, that ye may be able to stand against the wiles of the devil."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy admonishes, "Be watchful, sober, and vigilant. The way is straight and narrow, which leads to the understanding that God is the only life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter, certainly before we can reach the goal of Spirit, or life in God" (p. 324).

LUTHERAN MISSIONS EXPAND
NEW YORK (UPI)—The United Lutheran Church in America is expanding its missionary work in South America to Chile this year. The denomination's Board of Foreign Missions already has been sponsoring operations in Argentina, British Guiana and Uruguay, as well as in other parts of the world.

REV. S. WILLIAM ANTABLIN

Missionary at P.S. Community Church

Rev. Antablin's parents were Armenian Christians who came to the United States in their youth. Their three sons grew up in a closely knit family, and it was taken for granted from early childhood that William would enter the ministry.

In college he was on the debating team that won the Pacific Coast championship, was majority leader of the student council, and most important of all, met a fellow student who later became his wife. He was always very active in the life of the church and during the last two years at college he sponsored a church group of some 75-100 high school boys and girls.

He entered Princeton Theological Seminary in the fall of 1943, and became student pastor of the East Trenton Presbyterian Church, a position which he held for three years.

After his marriage, he stayed on at Princeton for a year of graduate study in Islamics, and was then called to be associate pastor in the First Presbyterian Church of Berkeley, with responsibility for work with college students, counseling, and similar activities. In October 1950, he applied to the Board of Foreign Missions of the Presbyterian Church in the U.S.A. for service on the mission field.

Appointed to the Syria-Lebanon Mission, Rev. Antablin spent his first year in language study in Beirut. During this period he also taught one class in the Near East School of Theology. Late in 1952 he began to make regular weekend visits to Merjayoun, and was soon carrying major responsibility for the work in this rural cooperative parish in southern Lebanon.

The village people of the area brought to him their problems and asked for advice on employment, health, schooling, and other concerns. He found the work stimulating and rewarding, and rejoiced in the many young people from his parish who went into the service of the Arab Evangelical Church.

While continuing to promote cooperative parish work, Rev. Antablin has given more and more time to teaching in the Near East School of Theology. He feels that contacts with the students in his urban setting of Beirut give him a good balance for his work with the people of rural areas.

Survey Shows Religious Apathy
BOLOGNA Italy (UPI)—A crusade against indifference has begun here in the wake of the first full-scale survey of religious activity ever made in an Italian city. Giacomo Cardinal Lercaro has ordered the building of 30 parish churches in this ancient university city as the first step in a program to combat a drift from religion revealed by a two-year survey.

Cardinal Lercaro ordered the survey in 1959. It showed that only 102,647 — or 21.2 per cent — of the city's 415,424 inhabitants could be considered practicing members of the Roman Catholic Church.

Survey teams reported that "while educated people are returning to the observation of religious faith . . . the presence of strong Marxist parties is widening the distance between the faith and too many of the masses."

Commenting upon the results of the survey, the Roman Catholic magazine "Vita" said the same trends were to be found throughout Europe.

Church Series To Be Aired On KNX
"The Ever-Present Shepherd" will be the subject of a Christian Science program to be given on the Columbia "Church of the Air" series, in cooperation with the Christian Science Church on Sunday, June 3, at 7:30 a.m., over Radio Station KNX (1070 kc). The speaker will be Carl J. Welz, associate editor of The Christian Science Journal, Sentinel, and Herald. The soloist will be McHenry Boatwright.

The program will be presented through the facilities of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Reunion
SPRINGFIELD, Mich. (UPI)—Marshall R. Reed and the first grade teacher who taught him in a little stone school house near Onsted, Mich., 63 years ago, recently met again.

This time, Charles Schultis, sought out Reed. Schultis, after all these years, was baptized and received into membership in the Springfield Methodist Church.

He was baptized by Reed, now a bishop of The Methodist Church and head of its Michigan area.

There's Considerable Interest In Savings and Loan Accounts

By LYLE C. WILSON
WASHINGTON (UPI) — Mrs. F. A. Stockley of Springfield, Mass., makes a strong argument that President Kennedy's withholding proposal on interest and dividends would be unfair to her and, therefore, should not be enacted.

Mrs. Stockley contends that the President wants to confiscate some of her money in the name of tax collection. The administration contends this is a wrong interpretation.

"Tonight I have read with interest your column in our Springfield (Mass.) Daily News relative to the withholding tax."

"Would it be possible for you to bring out in a column, soon, one of my objections to the bill? I am building in savings and loan association accounts to pay my estate tax at my death. Will I not be greatly cheated by this flat 20 per cent withholding?"

Feels Cheated
"The interest in the savings and loan accounts is compounded quarterly. When this 20 per cent is set aside, each time, it will surely cheat the depositors from earning compounded interest on that deducted amount for the remainder of the 12 month period."

"Twenty per cent of the interest on the amounts which I have accumulated really amounts go a great deal. I never take this interest—just leave it each year. I just cannot afford to lose that much each year."

"Eventually the government will get all of it. I always have paid taxes on this interest and on my dividends, both federal and state taxes which, in Massachusetts, is quite large. There must be many others in this same unfortunate position."

"Why isn't this point ever discussed? It is certainly confiscation of our private funds. I shall greatly appreciate any attention that you may be able to bring to this problem. Thanks."

Well, Mrs. Stockley, this is the best I can do. Some millions of citizens will have the opportunity to read your letter. The two men here in Washington best situated to relieve you of this potential confiscation of your funds also will have an opportunity to read it but I cannot assure you that both will do so.

One of these men is President Kennedy. I do not know that he reads my stuff and rather doubt it although he said recently that he was reading more and enjoying it less. The other man is Sen. Harry F. Byrd (D-Va.). Sen. Byrd will lead your letter. I can promise you that. That is important to you and to all persons with your problem because the senator is chairman of the Finance Committee of the U. S. Senate.

Byrd To Oppose Bill
The Finance Committee has just completed hearings on the President's tax bill and shortly will vote whether to recommend to the Senate that it pass or that it be rejected. The chairman informed the Senate last week that he would oppose the withholding provisions on the substantial grounds that they were complex to the point of being unworkable and, moreover, that the objective of 100 per cent tax collection could be achieved by simpler, more effective means.

The chairman is a gentle-spoken man. He did not bluntly accuse the President—as the President accused the American Medical Association—of deliberately misleading the citizens. More gently, Byrd implied merely that the President does not understand his own tax bill.

Institute to Honor Salk
NEW YORK (UPI)—Dr. Jonas Salk will direct a California institute named in his honor to study the fundamental nature and processes of life.

The Salk Institute for Biological Studies will be built on a 27-acre site overlooking the Pacific Ocean in San Diego. The National Foundation-March of Dimes will sponsor a \$15 million fund raising drive in June to build and equip the institute.

"The creation of the institute is simply in keeping with the trend in human knowledge and the evolution of science," said Salk. The aim of the institute "is to get the most out of some of the best men in science."

Ground was broken for the institute on February 27. The land, valued at \$1 million was voted by the people of San Diego. Dedication ceremonies will be held at the construction site Saturday.

The institute is scheduled to open in 1963.

Plans Space Probe
PARIS (UPI) — France may join the space race within 18 months, government sources said today.

Its first satellite, already named "Diamond One," will be launched late next year. This is slightly ahead of schedule.

GREAT ADVENTURES may be had in a box — as is quite adequately shown here by nearly-three-year-old Kimberly Bradsher. She found this carton one day in Dallas, Tex. It's a busy bit, but what else can you do with a box?

and, therefore, should not be enacted.

Mrs. Stockley contends that the President wants to confiscate some of her money in the name of tax collection. The administration contends this is a wrong interpretation.

13-GAME WIN SKEIN

Twin Killing by Dodgers In Quaker City, 11-4; 8-5

PHILADELPHIA (UPI) — With 112 games left to play the Dodgers are going to lose sooner or later. The question, of course, is when.

It shouldn't be tonight as Los Angeles carries its almost unbelievable 13-game win streak into the third game of the current series against hapless Philadelphia. And since the Dodgers have two more games against the Phillies Sunday and Monday, defeat might be a while in coming.

Everything was going for the Dodgers Friday night as they swept a doubleheader from Philadelphia, taking the first game 11-4 and winning the second 8-5 to run their streak to 13 and move into a first-place tie with San Francisco.

Everything Clicks
Pitching, hitting and running were put on display by the ram-paging Los Angeles club as it won its fourth and fifth in a row this year without a loss against the

Phillies. It was the second doubleheader sweep for the Dodgers over Philadelphia in less than a week.

Oozing confidence, the Dodgers tonight will pitch rookie Phil Ortega (0-0) against the Phil's Dennis Bennett (0-1), who a week ago today was beaten by Los Angeles at Chavez Ravine.

In the opener Friday night, Stan Williams was given credit for his fifth consecutive pitching victory, although relieved by Ron Perranoski in the sixth.

The Dodgers slammed 11 hits off four Philadelphia pitchers, with John Roseboro and Maury Wills hitting doubles, Larry Burdett two triples and Ron Fairly one, and Jim Gilliam getting a home run.

Big Seventh

One of Burdett's triples scored two runners.

The big inning for Los Angeles was the seventh when Tommy Davis drove home three men on a single, the whizzing Willie Davis coming in all the way from first base — standing up.

Don Drysdale, who appears headed for his finest season in the majors, recorded his 13th consecutive victory over the Phils in the second game and sent his record to 8-3 for the year. However, he came out for reliever Larry Sherry in the eighth after giving up a single and walk.

And Drysdale's bases-loaded double drove in three runs that brought the Dodgers from behind in the sixth inning. Fairly also chipped in with another triple and his fourth homer in the last five games.

The only previous time Harrington ever fought outside Honolulu was on Jan. 7, 1960, when he lost a unanimous but very questionable decision to Mexican Gasper Ortega in the Garden.

Harrington was so incensed at the decision that he vowed never to fight in New York again. But when the opportunity suddenly developed last week for him to come over as a substitute and fight Scott, Stan accepted. Matchmaker Teddy Brenner had convinced him he not only had a chance to climb back into the top 10 ratings but also to right the 1960 wrong.

Scott is Favored in TV Fight

Stan Harrington, the world's foremost stay-at-home boxer, ventures away from his wife and six kids in Honolulu for only the second time in his nine-year career tonight and fights welterweight Charley Scott at Madison Square Garden.

Their 10-round bout will be televised nationally by ABC at 10 p.m., EDT.

Although Harrington's 6,000-mile flight from Hawaii was in the nature of a crusade to right a fancied 1960 wrong, Pappy nevertheless finds himself an underdog. Scott of Philadelphia is favored at 8-5.

The only previous time Harrington ever fought outside Honolulu was on Jan. 7, 1960, when he lost a unanimous but very questionable decision to Mexican Gasper Ortega in the Garden.

Harrington was so incensed at the decision that he vowed never to fight in New York again. But when the opportunity suddenly developed last week for him to come over as a substitute and fight Scott, Stan accepted. Matchmaker Teddy Brenner had convinced him he not only had a chance to climb back into the top 10 ratings but also to right the 1960 wrong.

ANGELS LOSE, 6-2

Bombers Bats Blast 'Bo'

LOS ANGELES (UPI)—The talent-laden New York Yankees found the ample dimensions of the new Chavez Ravine stadium to their liking Friday on their first invasion of Los Angeles this season.

And the Bronx Bombers proved again, if proof was necessary, that they are the top drawing out to see them defeat the Los Angeles Angels by a 6-2 score.

It was the largest American League crowd of the year and the biggest night gathering in the new stadium which the Angels share with the Los Angeles Dodgers.

The teams meet again tonight and Sunday. For tonight's clash, Whitey Ford, 3-3, makes his first appearance since he started against the Angels May 22 at hitless innings and was forced to retire with a back injury. Opposing him will be Ken McBride, also 3-3, who is trying to overcome a slow start.

The superlative pitching of Ralph Terry was the story of Friday night's victory for the Yankees. The veteran gave up only four hits and after a leadoff single by Albie Pearson in the first inning he retired 15 men in a row.

One of the two Angel runs was unearned, but the other came on

Lee Thomas' sixth homer of the season and first in Chavez Ravine. The ex-Yankee outfielder had two of the four Angel hits and drove in both of their runs.

Bo Belinsky, the Angels' rookie pitching star, was the loser as he gave up 10 hits. But the only Yankee homer, by Bill Skowron, came off reliever Tom Morgan in the ninth.

Four Los Angeles errors and several mental lapses not charged as errors proved costly for the Angels, especially in the seventh inning when the Yankees scored three runs. Sloppy infield play put two men on base and a walk loaded the bags. Skowron then drove in a pair of runs on a sin-

gle and Belinsky's second error allowed the other run to come home.

Desert Softball League Gets Underway Monday

The 16th annual Desert Softball League will get underway Monday evening, June 4, it was announced by the City Recreation and Special Events department yesterday.

For the week of June 4, doubleheaders will be staged on Monday and Wednesday, and on Tuesday, a single game will be played. Single games commence at 8:15 p.m., and the first game of the twin bills will begin at 7:30 p.m.

The defending champions, Chuck's Welding, will be favored with the Mexican Colony, Massey Sand & Rock, Coachella Valley Sultans and Telephone and Water Company making the first place slot a hard one to hold. Little is known of the two new teams; the Desert Sun and Valley Equipment.

For the first game Monday night, Massey Sand and Rock will play the Coachella Valley Sultans. For the second game the Mexican Colony will play the Telephone and Water Company.

All games will be played at the Polo Grounds.

Join Bowl Roster

BUFFALO, N.Y. (UPI)—Jack Guthrie, president for the second annual All-American Football Game, announced Friday that three 1961 Notre Dame stars have signed to play in the June 29 contest here. They are halfback Angelo Dabiero, tackle Joe Carollo and guard Nick Buoniconti.

Coach Bunting Sees Two Sides Of AA Ranking

Coach Dick Bunting, Palm Springs high school football mentor, informed he Desert Sun that he was pleased to learn that the Desert Valley League had been ranked as a Class AA school.

Bunting stated, "This new ranking is definitely a feather in the community's cap, and points out that Palm Springs is growing in every direction. His double AA ranking will have a bearing on the CIF play-offs, for only the winner of the DVL will participate in the championship play. In past years the runner-up in the DVL would be invited to play in the CIF play-offs.

"Often times the runner-up team in the DVL would defeat a team outside the league which was champion of their league, therefore he second place team would partake in the CIF play-offs," the Indians coach added.

Hogan Won't Play in National

FORT WORTH, Tex. (UPI)—For only the second time in 22 years, the National Open golf tournament galleries will not have a chance to pull for their sentimental favorite, Ben Hogan — the "wee ice mon" who has won the coveted crown four times.

A painful attack of bursitis has forced the 49-year-old Hogan to notify the U.S. Golf Association that he would be unable to compete next Monday in the sectional qualifying rounds at Pittsburgh, Pa.
